

# TESLYTE

## RetroLyte Family

# Energy Saving Retrofit Solutions

**SOLUTIONS OVERVIEW:** Retrofit solutions can qualify for utility rebates, custom solutions available

### **BENEFITS**

- > Less expensive installation and maintenance costs
- > No disposal and recycling fees of the fixtures
- > More efficient
- > Qualifies for many utility rebate programs
- > Lighting can be upgraded to smart technology

### **FEATURED PROJECTS**

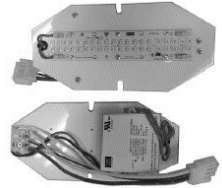

- > CAL State Northridge University – Northridge, CA.
- > Laguna Niguel City Hall - Laguna Niguel, CA.
- > Phoenix Sky Harbor International Airport - Phoenix, AZ.
- > Laguna Hills Community Center - Laguna Hills, CA.
- > Gilroy Gardens Family Theme Park - City of Gilroy, CA.
- > Barney Schwartz Park - Paso Robles, CA.

DLC Qualified Product List (QPL) & PG&E QPL listed

## Retrofit Selection Guide

APPLICATION	SERIES	FEATURES	CERT.	TESLYTE ADVANTAGE
Area & Site	RF-TL	 <p> Wattages: 40W to 150W  Voltage: 120V-277V or 480V  Distribution: T3 CRI &gt; 80  CCT: 3000K, 4000K, 5000K </p>	 	<p>&gt; All 40W to 150W part numbers are listed on DLC premium and PG&amp;E QPL for rebates</p> <p>&gt; Multiple dimming levels, scheduling, monitoring with wireless NLC available</p>
	RF-SZ	 <p> Wattages: 27W, 36W, 45W, 54W  Voltage: 120V-277V  Distribution: Symmetrical  CCT: 3000K, 4000K, 5000K </p>	 	<p>&gt; Hard-wire to be eligible for rebates</p> <p>&gt; Extremely easy to install</p> <p>&gt; All 27W to 54W part numbers are listed on DLC QPL</p>
Post Top	RF-TD	 <p> Wattages: 40W, 50W, 60W, 80W  Voltage: 120V-277V or 480V  Distribution: T3, T5 CRI &gt; 80  CCT: 3000K, 4000K, 5000K </p>	 	<p>&gt; Real-time performance monitoring with Smart LED chip available</p> <p>&gt; High reliable flip chip LED technology available</p>
Wall/Ceiling Mount Step Light	RF-SL	 <p> Wattages: 6.5W, 13W  Voltage: 120V-277V  Distribution: Symmetrical  CCT: 3000K, 4000K, 5000K </p>	 	<p>&gt; On-site consultation for custom-fit available</p>
